"Baseball is life.  
All else is sport."

# BALLPARK TOURS invites you to Cuba!

## DECEMBER 1-11, 2016

Experience HAVANA, VINALES, PINAR del RIO, TRINIDAD, and CIENFUEGOS

Catch **Series Nacional** playoff games and baseball-centered cultural activities!

Ballpark Tours experienced the Cuban people in 2015 as no other tour group could by holding the stitching of the game that people love. As Minnesotans we garnered special attention. Mention the name Tony Oliva, Camilo Pasqual, Julio Becquer, or Zolio Versalles and you're immediately in a passionate conversation. You don't need words to understand each other. You have baseball.

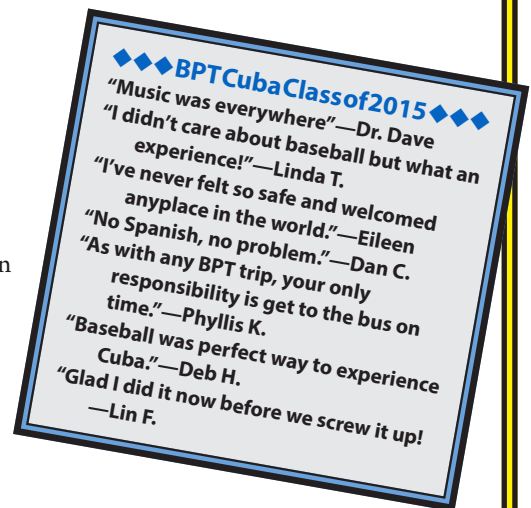

Join Ballpark Tours for a unique opportunity take in Cuba—its sights, sounds, tastes, and culture—all around a shared love of

baseball. You'll experience five cities and enjoy activities with the Cuban people through sports, food, art, music, and history. Relationships started last year are helping us build an even better 2016 experience.

Along with baseball, we take time to savor the nightlife, sample the rum and cigars, shop and experience the music, and feel the vibrancy of our closest island neighbor. **Join us for an adventure of a lifetime.**
