"Baseball is life.
All else is sport."

BALLPARK TOURS invites you to Cuba!

NOVEMBER 2-11, 2017

Cuban baseball experiences in HAVANA, VINALES, TRINIDAD, CIENFUEGOS, and SANTA CLARA

Catch **Series Nacional** playoff games and baseball-centered cultural activities!

In 2015, Ballpark Tours had the opportunity to witness *and participate* in the passion and joy that the Cuban people bring to their food and festivals, their music and libations and, especially, their baseball. We quickly discovered that a ball, a bat, and a smile were part of a universal language shared by baseball fans of all cultures. Our Cuban adventure was a unique once-in-a-lifetime experience. Or so we thought. The fact is, the trip was just too good to be a one-time event. So, we're going back this November. The window for travel to Cuba is open (for the time being) and Ballpark Tours is again

offering you the opportunity to enjoy Cuba—it's sights, sounds, tastes and culture—all based on a shared love of baseball.

Our trip will include plenty of on-field action and a variety of activities promoting interaction with the Cuban people. As with our first trip to the "Diamonds to our South," we will be creating lifelong memories Ballpark Tours-style. *Unete a nuestra aventura Cubana de beisbol!* **Join us for an adventure of a lifetime.**
