## The Diamonds to Our South III

"Baseball is life.  
All else is sport."

# BALLPARK TOURS invites you to Cuba!

## NOVEMBER 14-23, 2019

Cuban baseball experiences in  
HAVANA, VINALES, TRINIDAD,  
and CIENFUEGOS,

Catch **Series Nacional** playoff games and  
baseball-centered cultural activities!

Previous Ballpark Tours excursions to Cuba have allowed travelers to witness and participate in the passion and joy that the Cuban people bring to their food and festivals, their music and libations, their proud history and culture, and especially their baseball. We have discovered that a ball, bat, and a smile were part of a universal language shared by baseball fans of all cultures so why not do it again?!

The window for travel to Cuba remains open (for the time being) and Ballpark Tours once again offers you the opportunity to enjoy

Cuba—its sights, sounds, tastes, and culture—through the shared love of baseball.

Our trip will include plenty of on-field action and a variety of activities promoting interaction with the Cuban people. As with our previous two trips to our closest island neighbor, we will be creating lifelong memories Ballpark Tours-style. *Unete a nuestra aventura Cubana de beisbol!* **Join us for an adventure of a lifetime.**
